

# Biodiversity

In our school garden

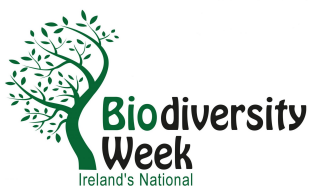

Hi there,

It's Biodiversity Week and it's time to head outside and explore your school garden!

It is filled to the brim with fascinating and inspiring nature! Bugs & beasts, flowers & trees are all surrounded and influenced by the powerful and exciting elements!

Complete the scavenger hunt, ask your teacher to send us a picture and you might win a prize for your class!

Post photos online and use #Biohunt

## SCAVENGER HUNT

Date:

Find three different shaped leaves...

Look for a pair of magpies...

Close your eyes and touch the grass...

Follow a snails slime trail...

Feel the bark of a tree...

How many different flowers can you see?

Move like a bumble bee...

Choose a beautiful pattern...

Blow a dandelion clock...

What was your favourite thing about this scavenger hunt?

## BUILDING BLOCKS

Use the pattern that you found in the scavenger hunt to design a new school building!

What would you learn here?

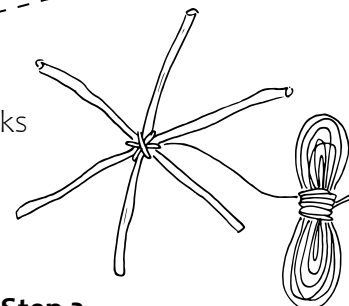

## TREASURE HUNTERS

Can you find a spiderweb in your school?

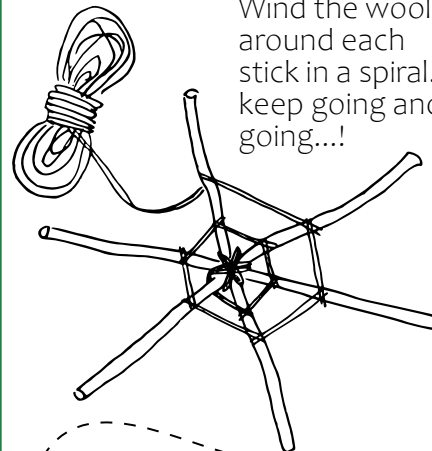

### Step 1

Cross the sticks in the middle and tie them together...

### Step 2

Wind the wool around each stick in a spiral... keep going and going...!

### Step 3

At the end, tie the wool and cut carefully...you can even add a little spider you make out of paper!
