

SENSORY

Activity Sheet

something in the shape of a triangle

I saw _____

a smell that is sweet, and one that is not

I smelled _____

four things - one soft, one hard, one rough, one smooth

I touched _____

something an animal would eat

I found _____

use something to make music with

I used _____

balance some things in a tower on top of each other

I balanced _____

watch out for something dancing in the wind

I noticed _____

something warm and something cold

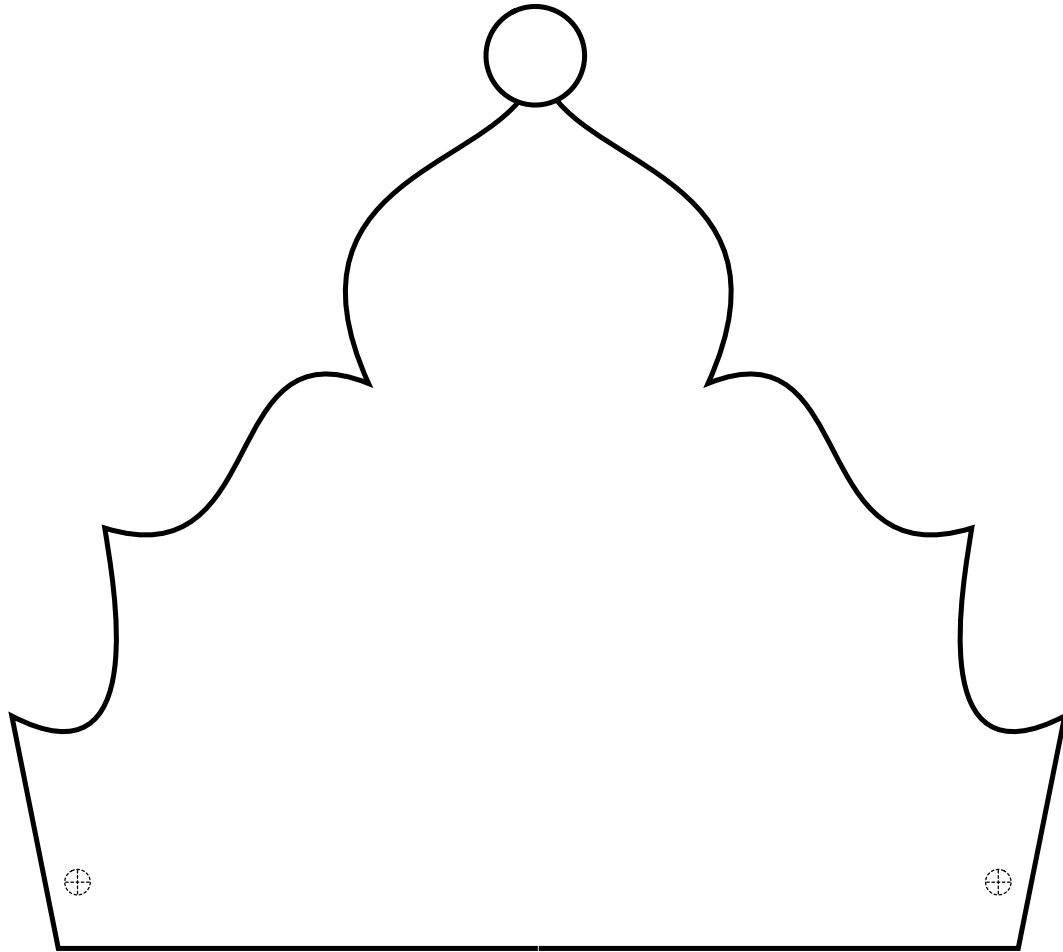

I found _____

Go on a Scavenger Hunt!

Explore your local nature places, back gardens, parks, hedgerows, woodlands or rivers. Use your senses and see if you can find something from nature that matches the instructions on this page. Make a note of what you found!

Send us a picture of your completed activity sheet and be entered into a draw to win a fantastic prize!

Design a nature crown

Collect some leaves and other natural objects in all shapes and sizes. Put paint on the bumpier side of the leaf and press it down on the crown. Print all of your objects to make a beautiful pattern. Cut out your crown and add string to tie it around your head. Now you're ready to be Nature Royalty!

(remember - only collect leaves that are already on the ground so we don't damage any plants)

Make a Texture Rubbing

Find something with an interesting texture, the bark on a tree, a stone or a seashell could be good. Lay this page on top and rub the side of a crayon, chalk or pencil over the page.
