

SCAVENGER HUNT

Date:

Listen for the wind rustling leaves...

Smell a plant and describe the scent...

Look for a bird, can you name it?

Hop like a frog across the yard...

Feel a bumpy rock...

Can you hear an insect?

Find a place an animal might live...

Spot a funny shaped cloud...

Feel the sun on your skin...

What was your favourite thing about this scavenger hunt?

Biodiversity

In our school yard

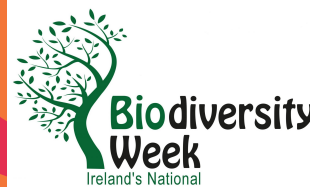

Hi there,

It's Biodiversity Week and it's time to head outside to explore the nature to be found in your school yard!

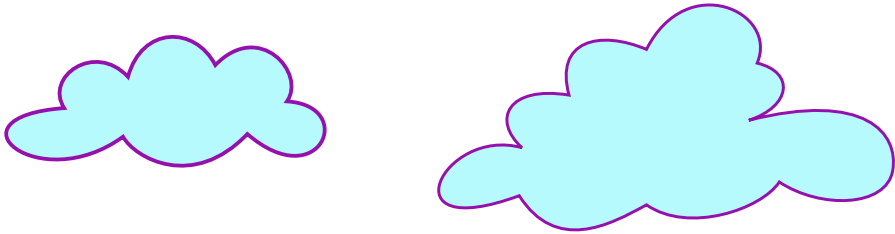

Whether it's the wind blowing our hair around, the sun making us squint or the smell of the rain - nature is around us whenever we are outside!

Complete the scavenger hunt, ask your teacher to send us a picture and you might win a prize for your class!

Post photos online and use #Biohunt

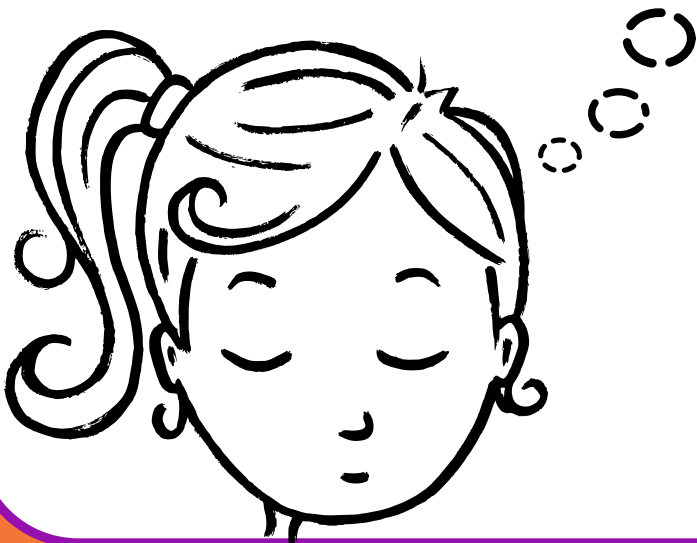

HEAD IN THE CLOUDS

Remember the funny
shaped cloud you saw?

Draw a picture of it and make up a story to
tell the class about it's journey across the sky!

DREAM GARDEN

Draw a picture of what you would do if you could add
more nature into your school!
